

## DAC – (MSNET).NET Technologies

Candidate should read the following instructions before attempting the question paper.

1. **DO NOT CLOSE THE BROWSER ANYTIME DURING THE EXAM.**
2. Candidate should check his/her name and extended enrollment Number (enrollment number prefixed with XX) being displayed on the screen. In case of any discrepancy, it should be reported to Invigilator immediately.
3. Candidates should ensure that he/she has marked attendance on the attendance sheet and also ensure that session id has also been recorded. Any other session id which has not been mentioned in the attendance sheet would not be considered and all responses on that session id would be treated as null and void.
4. Do not start the exam (do not click  button) before instructed to do so by the Invigilator.
5. **Every Section has 40 objective-type questions.** Each objective-type question has four

Q.No.1 : Type of cookies in ASP.NET

- a. Session Cookies
